3MT Rotary Furnace, Acid Draining Attachment, Air Leakage Tester (Manual Model), Air Pollution Control Plant Venturi Scrubber, Air Pollution Control System Bag House Filtration System, Automatic Heat Sealing Machine, Battery Heat Sealing Machine, Battery Production Line, Cremation Furnace Incinerator, Double Slicer Battery Cutting Machine, Hole Punching Machine (Single Hole In One Go), Human Body Cremation Unit, etc.

HOLE PUNCHING MACHINE (SINGLE HOLE IN ONE GO)

AUTOMATIC HEAT SEALING MACHINE

AIR LEAKAGE TESTER (MANUAL MODEL)

About Us

Batteries and battery back-up products are the most vital aspect of today's technology. Almost each daily activity relies on a powerful battery backup, and the quality of the battery determines its functionality. Realizing these quintessential facts about batteries, we, FLUIDOMATIC have emerged as a one stop solution for the best battery manufacturing machines and allied technology. We are a renowned company dealing in various battery manufacturing machines and allied products.

Battery is an indispensable necessity to start electrically operating equipment, specifically in electrically functioned vehicles. And also, in occurrence of interruptions in power supply as well as mains failures, these work with standby or backup power and are highly necessary for all critical applications. Contributing to the production of Battery Recycling Equipment, Battery Recycling Machine, Battery Assembling Plant and other products, we Fluidomatic are a Noida, U.P (India) based company. Our employed production techniques insure careful maintenance of setups in an automated controlled environment. The manufacturing procedures of our have been divided into assorted stages such as Oxide and grid production procedure, pasting & curing, formation, filling, charge-discharge process, assembly process, final assembly, inspection and dispatch.

Key Facts

Primary Competitive Advantages	ROTARY FURNACE,BATTERY CUTTING MACHINE ,BATTERY CRUSHER,BATTERY BREAKER PLANT,EFFLUENT TREATMENT PLANT,ACID TREATMENT PLANT,USED BATTERY REYCLING PLANT,battery making machine,lead recycling plant
No of Staff	30
Year of Establishment	1989
OEM Service Provided	No
ProductRange	ROTARY FURNACE,BATTERY CUTTING MACHINE ,BATTERY CRUSHER,BATTERY BREAKER PLANT,EFFLUENT TREATMENT PLANT,ACID TREATMENT PLANT,USED BATTERY REYCLING PLANT,battery making machine,lead recycling plant

Our Products

Battery Production Line

Air Pollution Control Plant Venturi Scrubber

Triple Slicer Battery Cutting Machine

Tilting Rotary Furnace

Human Body Cremation Unit

Battery Breaking Segregation System

Rotary Furnace

Lead Recycling Plant With Auto Loader

Triple Stage Battery Slicing Machine

Inter Partition Welding Machine

Air Pollution Control System Bag House

Battery Cutting Machine

Plastic Granule Making Machine

Cremation Furnace Incinerator

Jumbo Moulds

Refining Kettle
