About Us

We, Max Automation, are here to introduce ourselves as proficient Manufacturer of a wide range of doors & gates. Swing Door, Flap Door, Sliding Door, Automatic Sliding Gate, Sliding Gate for Residential Society, Cantilever Gate, Telescopic Gate and Hanger Door are fabricated by us. Since business incorporation in the year 2009, we have been meeting requirements of a large base of customers all over India with our world class products and timely services.

Doors are a need of every household, commercial building, industry and any premise constructed. With time, there has been innovation and change in design and functionality. Today, multiple kinds of doors and gates made from different materials and of varied sizes are available in the market and ours are the best amongst them. Apart from keeping the premises security in mind, we also fabricate Boom Barriers to be installed at parking facilities, checkpoints, level crossings, drawbridges, etc. One can avail our Parking & Traffic Control Boom Barrier and Anti Crash Boom Barrier Cable Gate at cost-effective prices.
