

Gravity Feed Metal Detector

Perfection is our forte, Quality is our Soul

Conveyor Belt Metal Detector, Gravity Feed Metal Detector With Screw Conveyor, Heavy Duty Conveyor Metal Detector, Heavy Duty Gravity Fall Metal Detector, High Sensitivity Conveyor Metal Detector, Industrial Conveyor Metal Detector, Industrial Gravity Fall Metal Detector, Industrial Solid Metal Detector, Pharmaceutical Tablet Metal Detector, etc.

**HIGH SENSITIVITY CONVEYOR
METAL DETECTOR**

CONVEYOR BELT METAL DETECTOR

**HEAVY DUTY CONVEYOR METAL
DETECTOR**

About Us

Metal detectors are a necessary part of an encompassing control system and are principally used in the pharmaceutical and food industries to locate metal contamination in products as well as packaging materials. These are precisely structured and designed devices. With high reliability and accuracy, these metal detectors have a special ability to discover all types of metals, be they non-ferrous, ferrous, or even stainless steel. Ensuring consumer and utility goods safety, regulatory conformity, and equipment/consumer protection plays an important role in heightening and improving the reputation of the firm by making products safer to consume and use.

Vinsyst Technologies is a manufacturer, supplier, service provider, producer, and fabricator of a large variety of metal detectors, including Conveyor Metal Detectors, Pharmaceutical Metal Detectors, Industrial Metal Detectors, Gravity Feed Metal Detectors, and a host of other types. Our offered range is made as per industrial standards, meeting all the standardized certifications. Since our incorporation in 1985, we have been working and growing as a team under the guidance of Mr. Noel Kongi. His farsightedness and motivational support helped us expand our business horizons and garner a huge clientele.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	stainless steel metal detector,micro scan metal detector,confectionery metal detector,non ferrous metal detector,tunnel metal detector,walk through metal detector,x ray baggage scanner,baggage scanner,baggage scanning machine,tablet disintegration tester
No of Staff	100
Year of Establishment	1985
No of Production Lines	1
OEM Service Provided	Yes
Monthly Production Capacity	As Per The Orders
ProductRange	stainless steel metal detector,micro scan metal detector,confectionery metal detector,non ferrous metal detector,tunnel metal detector,walk through metal detector,x ray baggage scanner,baggage scanner,baggage scanning machine,tablet disintegration tester

Our Products

Industrial Gravity Fall Metal Detector

Gravity Feed Metal Detector With Screw

High Sensitivity Conveyor Metal

Conveyor Belt Metal Detector

Heavy Duty Conveyor Metal Detector

Pharmaceutical Tablet Metal Detector

Industrial Conveyor Metal Detector

Heavy Duty Gravity Fall Metal Detector

Industrial Solid Metal Detector

ADDRESS

**8/410, Jogani Industrial
Complex, Sion-Chunabhatti
Road, Chunabhatti (East),
Mumbai, Maharashtra, India
(400022).**
