**D.I. Plast India Pvt. Ltd.**

# Introduction

We, D I Plast India Private Limited, are a trusted manufacturer and supplier that have won the trust of customers on the basis of excellence. We offer our products including Industrial Nylon Webbing Safety Belt, Industrial Safety Belts, Safety Harness, Narrow Woven Fabric Tape, Garment Woven Tape Webbing, Jeans Woven Tape Webbing, etc., in quality packaging materials to protect them from damage during shipment.

We are happy to state that our company has earned a respectable position in the market by attaining optimal customer satisfaction in all our business deals. Our employees consistently keep searching for ideas that can help us improve the quality of our array. We also take the necessary steps as per the received feedback of our clients and this has become one of the main reasons behind our strong bond with customers.

Furthermore, the rich experience of our company is attracting many new customers from various ends towards us. We promise that we won't let our customers down and will always deliver the best value of their money.

## TEAMWORK

We believe in teamwork as with the help of this, we have achieved heights of success and earned the trust of customers. The back of our task force is one of the main reasons behind the prosperity of our enterprise. With the help of our team, we have overcome numerous challenges and because of their creative thinking, knowledge and skills we have attained business heights. We are able to meet bulk orders of Narrow Woven Fabric Tape, Jeans Woven Tape Webbing, etc., due to our strong teamwork.

## INFRASTRUCTURE

We have invested a good amount in building our manufacturing wing as it is important to have the best facilities for smooth business operations. We have installed the best machines for different business tasks and have hired dexterous professionals to handle the same. Moreover, we have divided our plant into various cells, such as, R&D, manufacturing, quality management, and many more, where multiple operations are carried out with respect to the international norms.
