About Us

One of the most reputable names that are known in this market for producing top-notch goods is S S Plastics & Chemicals. Our corporate office is located in Hyderabad, Telangana of India. We are a proprietorship-based company that has been active as a trader and supplier of various chemicals. One can buy Titanium Dioxide Powder, Stearate Powder, Polyethylene Wax, Zinc Powder, etc. Our company has always followed a transparent working approach and impressed not just customers but our partners as well. A set of moral principles have guided us since our inception, which has enabled us to earn the trust of esteemed customers.

We only buy chemicals for making plastic and rubber from sources that are well-known for maintaining quality and certified. Along with the quality of the materials, we give importance to the packaging part and use methods that are thought to be the best for any kind of packaging and sealing. Following that, providing swift and timely delivery became our top priority, which we achieved by utilizing modern means of transportation and communication. Because of this, we always make our customers happy and develop a long lasting bond with them.

Being in our line of work, we rely largely on our suppliers to meet the needs of our clients and to carry out our duties. We are fortunate to enjoy cordial relationships with numerous accredited vendors across the country, who have consistently assisted us in growing our business. We are able to cater to our customers changing needs and fulfil their large orders of Stearate Powder, Titanium Dioxide Powder, Zinc Powder, Polyethylene Wax, etc. within the allotted time with help of our vendors.
