

Pipe Threading & Pipe Facing Machine

Features

- Body made of C. I. sturdy – Heavy duty construction
- Precision spindles & housings
- High speed, vibration free
- Hardened & profile ground gears

Specification

The following specifications are available for our pipe threading and pipe facing machinery

*Production at 100% efficiency are assumed

Model	Pipe Size (Min-Max)	Pipe Length (Min-Max)	* Production Capacity (Pcs/hr)
Pipe Threading Machine			
SCPT - 50	1/2" - 2" NB	4 - 6.5 MT	900 - 315
SCPT - 100	1" - 4" NB	4 - 6.5 MT	450 - 135
SCPT - 150	1 1/4" - 6" NB	4 - 6.5 MT	360 - 110
Pipe Facing Machine			
SCPF - 50	1/2" - 2" NB	4 - 6.5 MT	1140 - 420
SCPF - 100	1" - 4" NB	4 - 6.5 MT	1140 - 210
SCPF - 150	1 1/4" - 6" NB	4 - 6.5 MT	650 - 130

* Production rates based on 100% efficiency
