H PLANE SECTORAL HORN ANTENNA

About Us

Established in the year 2009, we, Miwave Techno Ventures are the prominent Manufacturer, Exporter, Service provider and Supplier of the industry. As a leading company we are capable to offer wide range of products includes Microwave Test Bench, Horn Antenna Microwave Test Bench, Waveguide Bends & Tees, Gunn Components & Dielectrics, Microwave Antennas, Waveguide Attenuators & Shorts, Frequency Meters, Waveguide Components, Microwave Source & VSWR, Circulators & Isolator, Directional Couplers and C-Band Components. Our Microwave Antennas consists Slotted Broad Wall Antenna, Standard Gain Horn Antenna, Parabolic Antenna, Pick Up Horn Antenna etc. The whole range of Microwave Antennas are very popular among the clients because of its characteristics like Corrosion resistance, Durability, Easy assembly & maintenance, Enhanced functional life and High performance. All these products are designed by our experts as per the specifications mentioned by our clients. The whole range of products are fabricated by using best quality raw inputs and available in the market leading prices.

Under the tutelage of our mentor, Mr. Shyam Maheshwari, we are capable to provide remarkable range of products and services. He holds vast experience and knowledge of the industry which helps us to achieve good reputation and name in the market. Further, the contribution of our diligent and deft workforce in company's success and growth is recommendable.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	microwave equipment,microwave test bench
No of Staff	10
Year of Establishment	2009
OEM Service Provided	No
ProductRange	microwave equipment,microwave test bench

Our Products

Movable Short

Waveguide Isolator

T Circulator

Fixed Short

Fixed Attenuator

Y-Circulator

C Band Phase Shifter

Parabolic Dish Antenna

Pyramidal Horn Antenna

Pick Up Horn Antenna

Standard Gain Horn Antenna

Slotted Narrow Wall Antenna

E Plane Sectoral Horn Antenna

C-Band E-H Tee

E-Plane Bend

C Band H Plane Bend
