About Us

A variety of hi-tech equipment such as gensets are available in the market today for reducing problems related to unavailability of seamless power. Keeping customers actual needs for smooth power connection in mind, our company as an industry compliant trader, service provider and supplier has started its business voyage. We, Swastik Power, are maintaining impeccable quality gensets which are gaining huge preference among commercial, residential and industrial customers because of their scalable design, latest finish, problem-free performance, modern look and reliable lifespan.

Our organization knows needs of industries for uninterrupted power supply and knows how power disruption can affect daily processes in companies. Hence, due to this, we are providing our gensets such as Diesel Genset & Petrol Genset in a way that these can bear load capacities in an excellent manner. We are also serving OWC (Organic Waste Converter)- Kirloskar ILand, Kirloskar Pumps, Kirloskar Motors & Kirloskar Transformers, Kirloskar Pump Services, etc.
