About Us

Rail Udyog, is a dependable company, organized into the domain of Railway Track technology. We resolve the complex challenges and innovate the streamlined manufacturing mechanism in order to deliver premium quality Railway Track Fittings, Machineries, Studs and Fasteners. Being a globally reliable name in supporting our internationally renowned clients comprising All Indian Zonal Railways National Thermal Power Corporation, various Steel Plants, Bangladesh Railways and Myanmar Railways. The products are available in a variety of dimensions and specifications. It is designed as per the precise structural tolerances, detailed by our clients.

Since the time of our inception in the year 1973, we have been constantly enhancing our production capacities to meet the challenging demand for Railway Track Fittings and various other products. We have redefined our core business competency through innovation and continual hard work. Besides, we have won the confidence and trust of the patrons via maintaining high standards in product, budget-effective prices and scheduled delivery. Moreover, we have earned prestigious RDSO Approval for Railway Track Fittings for our commitment towards quality. Being an ISO 9001:2015 certified unit, every product has to pass through the approval of Quality Inspectors at every stage of manufacturing.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	single coil spring washer,grooved rubber pad,railway track fitting
No of Staff	18
Year of Establishment	1973
OEM Service Provided	No
ProductRange	single coil spring washer,grooved rubber pad,railway track fitting

Our Products

Railway Coupler Assembly

Railway Coupling Drawbar

Railway Grooved Rubber Sole Plates

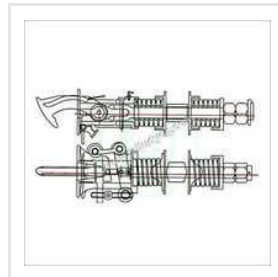

Railway Liner

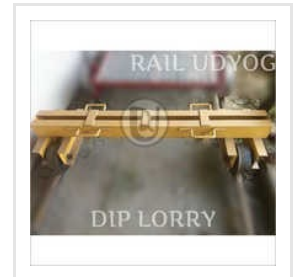

Railway Coupler Drawbar

Railway Meter Gauge Coupler

Railway Abc Coupler Assembly

Railway Dip Lorry

Railway Push Trolley

Railway MG Coupler Component

Railway Track Liners

Elastic Rail Clip

Railway Stretcher Bar

Railway Grooved Rubber Pad

Railway Fish Bolt

Slide Chair Plate
