

A collection of various abrasive products from the brand 'Shanti'. The products are arranged on a white background. At the top, there are two white buckets of 'Shanti' abrasive, one labeled '1000' and the other '1500'. In the center, there are several circular abrasive discs of different colors (blue, green, yellow, orange) and grits (400, 100, 1500, 2000#). To the right, there are more circular discs and a rectangular abrasive pad. At the bottom, there are more circular discs, a rectangular abrasive pad, and two brushes with different bristle patterns. The products are shown in various orientations, highlighting their different shapes and sizes.

Strategy for Success

SHANTI ABRASIVES are in the market for the last three decades and providing the Marble & Granite Industry with the best abrasives available in the World.

SHANTI ABRASIVE has done a lot of pioneer work in the field of abrasives for the Marble & Granite Industry.

SHANTI ABRASIVE was the first to introduce **5-EX CHEMICAL BONDED** abrasive In India in 1990 to eliminate the final polish on marble with Tin Oxide & Buff.

SHANTI ABRASIVE was the first to introduce **LUX** in India in the year 2000 to polish Granite without the use of Lead & Oxides.

In the year 2000, **SHANTI ABRASIVE SYNTHETICS PVT. LTD.** joined hands with **SUPER SELVA, ITALY** to upgrade Abrasive Technology of International Standards in India.

SHANTI ABRASIVE SYNTHETICS PVT. LTD. is the only Company in India who had collaborated with leading Italian Company, **SUPER SELVA, ITALY** for manufacturing abrasives.

With that knowledge, **SHANTI ABRASIVE SYNTHETICS PVT. LTD.** is able to provide the best Abrasives in the World to the local market in India and for export.

MR. NARESH BANSAL AND MR. ROBERT CAPPELLETTI

SHANTI ABRASIVE was the first to introduce **SUPER LUX** for final polishing of Ceramic tiles in India in 2005.

SHANTI ABRASIVE introduced **BRUSHES of Diamond, Silicon Carbide & Steel** in the year 2006 to polish uneven surfaces.

SHANTI ABRASIVE is the first to manufacture **FLEXIBLE DIAMOND PADS** in India in the year 2010 for grinding and polishing of all kinds of Marble, Stone, Granite and Ceramics.

SHANTI ABRASIVE introduced Diamond Segment (Bit) Abrasives in the year 2011 in all shapes of Frankfurt, Round and Triangular for fast grinding & is cost effective to replace conventional magnesite abrasives.

SHANTI ABRASIVE introduced Diamond Resin Bond abrasives in the year 2014 in all shapes of Frankfurt, Round, Triangular & Ficket for fast polishing & is cost effective to replace conventional Synthetic Abrasives.

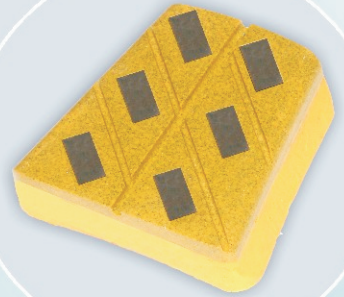

SHANTI ABRASIVE SYNTHETICS PVT. LTD. is the first Company in India who was certified ISO 9001:2015 CERTIFICATION of International Quality Management System, in the field of Abrasive manufacturing for Marble, Stone, Granite & Ceramics.

SHANTI ABRASIVE introduced **Metal Bond Diamond Abrasives** in 2015 in Ficket shape.
