About Us

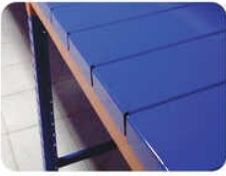

Indo-Built Storage Systems Pvt. Ltd. is a leading manufacturer and supplier of advanced industrial storage and material handling solutions, established in 1987 and based in Daman, Dadra and Nagar Haveli and Daman and Diu, India. With decades of industry presence, the company has developed a strong reputation for delivering reliable, durable and space efficient storage infrastructure tailored to diverse industrial requirements. Its product portfolio includes Motorized Mobile Rack, Mezzanine Floor, Storage System, Push Back Rack, Ms Pallet, Wiremesh Decking, and other customized warehousing solutions designed to optimize storage capacity and operational efficiency.

Our organization emphasizes quality engineering, precision manufacturing and continuous innovation to meet evolving customer needs across warehousing, logistics and industrial storage sectors. With a customer centric approach and robust infrastructure, we continue to serve clients with scalable and efficient storage system solutions. We support industries such as manufacturing, logistics, automotive, e commerce, and warehousing by delivering customized storage layouts that maximize space utilization and improve workflow efficiency.
