About Us

If you are in requirement of energy saving and compact structured lighting solutions, then, we, Prolite Autoglo Limited, could be the right destination for you. We are a 1984 established firm and since then we are providing world-class lighting solutions across the domestic and international market. Our success in providing all kinds of impeccable quality lights have made us one of the leading manufacturers and exporters of our industry. The wide range of lights we offer include LED Lights, Emergency Lights, Exit Lights, Solar Light, Photoluminescent Signage, Emergency Exit Signs, Photo Luminescent Way Finding Systems, Emergency Exit Lights, Fire Safety Signage, Flameproof Emergency Light, Weatherproof Emergency Light, Slim LED Display Light, Multiplex Step LED Light, Directional Signage, LED Exit Signage, Fire Safety Signs, Construction Site Safety Signs and many more.

For over 3 decades, we have been serving as one of the pioneers in the field of Emergency & Escape Route Lighting Systems. We have presented PROLITE Egress Route Lighting Systems and AUTOGLO Photoluminescent Signage. Our miscellaneous Emergency Lighting Systems like Emergency Exit Lights, Fire Safety Signage, Flameproof Emergency Light, Weatherproof Emergency Light, Slim LED Display Light, Multiplex Step LED Light, Directional Signage, LED Exit Signage, Fire Safety Signs, Construction Site Safety Signs etc are designed & developed to meet the demanding needs of customers. We have recently innovated 1 Watt Down-lighters and Pathway Lights with different wattage. Also, there are various types of Autoglo Photoluminescent Signages or Way Finding Signages. They are designed as per Global Standards of glow level, font style & size, colors nomenclature etc. Furthermore, we have newly presented Stair nosing with Anti-Skid profile & Autoglo Tapes. They are designed for a safer escape. Introducing Autoglo Site Safety Signage, there is an add-on of another great product in our range. We have been able to serve all the spheres from the conceptualization stage. We are providing signages by identifying different types of areas, positioning and safety purpose. Latest catalogs for PROLITE and AUTOGLO have been established too. These are of International Standards, very detailed as well as precise
