

Ammonium Chloride, Ammonium Sulphate Crystal, Ammonium Sulphate Powder, Calcium Chloride Lumps, Calcium Chloride Powder, Calcium Chloride Prills, Copper Carbonate, Copper Sulphate, Di Calcium Phosphate, Ferrous Sulphate, Magnesium Carbonate, Magnesium Carbonate Light, Magnesium Chloride Hexa Hydrate, Magnesium Sulphate, Manganese Carbonate, etc.

**COPPER CARBONATE**

**MAGNESIUM CARBONATE**

**ZINC CARBONATE**

## About Us

Healthy approaches towards betterment of society have helped Nasit Pharmachem in scaling new heights of success for itself in this domain. Incorporated in the year 2010, our company is focused towards attaining total satisfaction of valued customers by meeting all their healthcare and scientific experimenting demand on time. We are serving wide segment of this industry as a certified Inorganic Salts manufacturer, exporter, supplier and trader. The other products include Carbonate Salts, Chloride Salts and Sulphate Salts and many more. The range is manufactured at most hygiene condition to match international standards of quality. Moreover, we are particular in materializing the concept and requirements of our clients and thus, we always welcome new technology and up-gradation in our company.

Nasit Pharmahem, an ISO 9001:2015 certified firm with its headquarters located in Ankleshwar, India, is a forward-thinking international enterprise. Since its incorporation in 2011, the company has expanded steadily in the areas of inorganic chemical commercialization and technological development. Manganese Carbonate, Zinc Carbonate, Copper Carbonate, Magnesium Carbonate, Ammonium Sulphate, and Sodium Sulphate are among the many varieties. We have grown our business by providing a diverse range of products, including water treatment chemicals, food grade products, inorganic carbonate chemicals, solvents, petrochemicals, industrial chemicals, general chemicals, raw materials for pesticide products, and raw materials for dairy products. Our products are exported to international markets like Sri Lanka, Morocco, Middle East countries, Sudan, Nepal, Tanzania, and African countries because of their exceptional performance and constant quality. We have partnered with renowned Indian institutions and institutes to bring top-notch carbonate products to the country's agriculture sector, business community, and government organizations and enterprises.

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>Primary Competitive Advantages</b>	sodium sulphate, ammonium sulphate, manganese carbonate
<b>No of Staff</b>	20
<b>Year of Establishment</b>	2010
<b>OEM Service Provided</b>	No
<b>Memberships</b>	PSA QUALITY CERTIFICATION LIMITED
<b>Product Range</b>	sodium sulphate, ammonium sulphate, manganese carbonate

**Our Products**

**Ammonium Sulphate  
Crystal**

**Potassium Sulphate**

**Manganese Sulphate**

**Copper Sulphate**

**Zinc Sulphate  
Heptahydrate Purified**

**Calcium Chloride  
Lumps**

**Ammonium Sulphate  
Powder**

**Ammonium Chloride**

**Magnesium Chloride  
Hexa Hydrate**

**Magnesium Sulphate**

**Sodium Sulphate**

**Zinc Sulphate  
Monohydrate**

**NICKEL CARBONATE**

**Manganese Carbonate**

**Magnesium Carbonate  
Light**

**Ferrous Sulphate**
