About Us

The 'Pethe' endeavour dates back to 1965 with the founding of this illustrious engineering company. Over the last **45 years, the 'Pethe' group has successfully fulfilled the needs of the most reputed OEMs**, Government undertakings and Import substitutions. Since its inception in 1981 'Pethe Industrial Marketing Company Pvt. Ltd.' situated in the heart of Mumbai efficiently caters to manufacturers across India. 'Pethe Industrial' has now reached global markets, with products to match international quality standards.

We have established a world class infrastructure that is spread over a vast area. Equipped with high tech machinery and several amenities, our infrastructure is instrumental in carrying out our operations in a smooth manner. We have segregated our infrastructure into several units, namely administration unit, manufacturing facility, logistics department and quality assurance department. These units are efficiently handled by our team of dexterous professionals. These professionals have been handpicked by us considering their knowledge, experience and attitude. We strive to provide them a conducive work environment so as to enable them to work to the best of their capabilities. Our clientele is spread far and wide and is inclusive of Bharat Heavy Electrical Limited, Steel Authority of India and Hercules Hoists Limited.

We are a Pvt. Ltd. firm, established under the visionary "Mr. D.S. Pethe" and guidance of "Mr. Meghasham Pethe". Through his inspirational leadership and vast domain expertise, our company has reached unimagined heights. We are highly ethical in our disposition and are considered highly trustworthy by our customers.

Core Values And Competencies

- Quality and Safety
- Dynamic Evolution of product designs.
- Prompt delivery and efficient after sales service.
- Customised products.

Our Product Range

- Electromagnetic Brakes
- Electromagnetic Clutches
- Flame Proof Brakes
- Brake Motors
- Clutch Brake Combination
- Electro Hydraulic Thruster Brakes
- Electro Magnetic Shoe Type Brakes
- Brake Drum Coupling & Geared Coupling
- Fluid Coupling
- Crane Controls and Equipments
- Master Controller
- Crane Limit Switches
- Torque Limitor
- SS Punched Grid Resistance Box
- Free-wheel / One-way Clutch
