About Us

A company, which each passing day gives a strong reason for strengthening old business relationships and making new ones is Ved Enterprise. Till date, we have proved our worth in both national and international markets because of quality production, extended market reach, financial stability and deep customer understanding. In the optical lens industry, we are widely appreciated for taking our role of quality-centric manufacturer seriously and bringing forth a flawless product line of Metal Body Optical Hand Edger Machine, Lens Optical Centering Device, Lens Optical Drilling With Slotting, Optical Frame Bending Eyeglass Plier, etc.

Modern technology inspired production assists us to leave not a single space for errors in product development. Everything pertaining to production is carried out with utmost perfection in order to serve customers simply the best quality products. In an in-house testing unit, our offered line is made to pass through a wide series of tests by experts. This rigorous way of examining product quality assures delivery of matchless range from our end.
