About Us

Incorporated in 2010, we, Axis Pharma Chem, are a prominent manufacturer and supplier of Pharmaceutical API and Pharma Intermediates. We are supplying these products to the leading drug companies all over the nation. All our products are manufactured in compliance to the guidelines, laid down by the pharmaceutical industry.

In order to formulate high quality products, we have developed advanced level of infrastructure comprising laboratory, manufacturing unit, quality control unit and product supply division. Well-equipped with the latest equipment and machines, these departments are managed by our efficient professionals. We are assisted by experienced chemists, pharmacologists, biologists who have a thorough understanding of the health care industry and client's requirements. Their experience supports us to manufacture products in right composition in consideration with all health and safety aspects.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	pregabalin
No of Staff	20
Year of Establishment	2010
OEM Service Provided	No
ProductRange	pregabalin

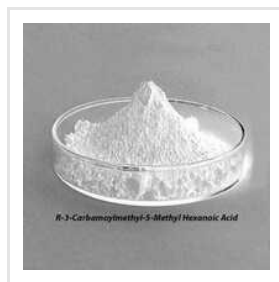

Our Products

**Metoprolol Succinate
USP**

Metoprolol Tartrate BP

**R 3 Carbamoylmethyl
5 Methyl Hexanoic Acid**

Metoprolol Tartrate EP

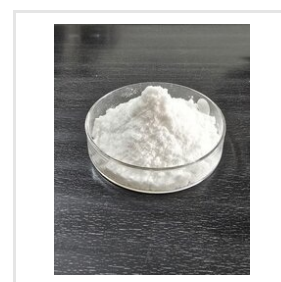

**Metoprolol Succinate
BP**

**Metoprolol Tartrate
USP**

Metoprolol Tartrate IP

Metoprolol Succinate

**1,6 Dihydroxy 2,5
Dioxahexane - Biocide**

Pregabalin USP Powder

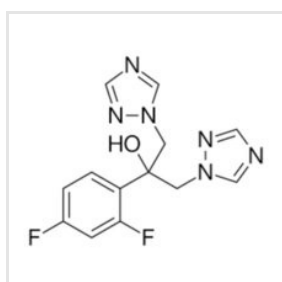

Pregabalin IP Powder

**3 Carbamoylmethyl 5
Methylhexanoic Acid**

**Metoprolol Succinate
EP**

**Ammonium Chloro
Acetate**

**1,6 Dihydroxy 2,5
Dioxahexane**

**Metoprolol Succinate
IP**
