AN ISO 9001:2008 CERTIFIED COMPANY

The far sighted vision of the company has make it reach up to the new heights in a very short span of its operation evolving with changing life styles of people and understanding their needs for distinctive architecture. **Apple** envisioned a whole new world of furniture fittings accessories. A continuous research for new product secures its capacity to be permanently updated with the new aesthetical and functional demands in the market. We are well equipped with the various production processes which include casting, machining, electroplating, assembling etc. is done in house to maintain quality standards.

We are empowered with the permanently motivated team of highly qualified as well as experienced people, working with the sense of spirit of delivering the best quality products to the customers. At present we have an extensive network of many dealers across india.

M a n u f a c t u r i n g

Our philosophy of total in house manufacturing right from raw material to the finished product stages make it possible to check the quality of each and every product at various stages of production so that only the best reaches to our customers.

Manufacturing Processes :

1. Casting :

We utilize good quality zinc alloy raw material for casting purpose which gives perfect surface to finished product.

2. Polishing/Grinding :

Polishing and grinding is done on the automatic machines to provide mirror smooth finishing which is essential for perfect surface coating.

3. Surface Coating :

In surface coating we include nickel plating, gold plating, electrophoretic lacquering etc.

4. Packing :

Packaging is done in colourful packaging using good material to avoid surface damage in transits or during storage.

5. Quality Control Department :

Every step in the production process is subjected to our requisite quality assurance system.

The Mission :

Our mission is to produce an ornamental touch to the glamorous houses of the people who indulge in sheer luxury. It's our motto to contribute the level best efforts towards the development of architecture world.

Feedback :

We are looking forward to receive the valuable feedbacks from the customers.

The Mark of Quality :

Apple has grown from its traditional roots in to a modern manufacturing plant in which the dimensions have changed but not qualitative demands of the founders.
