ABOUT US

Established in the year 2011, we "Athene Chemicals Pvt. Ltd.", are renowned Manufacturer, Exporter, Importer and Supplier of highly effective assortment of formulations, medicines, Active Pharmaceutical Ingredients, Hormones, Cosmetics Intermediates and API Intermediates,

Situated at Ahmedabad (Gujarat, India), we have been able to process products in conformity with defined industry standards.

Our processing unit is armed with advanced processing technology that assists us to undertake bulk orders of various industries. We have with us highly skilled team of procurement agents, quality auditors, chemical experts, research and development personnel, logistics staff and storekeepers. In our quality testing unit, our team of quality auditors test products on parameters like purity and quality. Our offered products are processed using quality approved chemical compounds and advanced processing technology at our processing unit in adherence to defined industry standards. The entire processing process takes place under the supervision of chemical engineers. These products are highly acknowledged for balanced composition, purity, stability, longer shelf life and precise pH value. Clients can avail products in different packaging options as per their convenience at market leading prices. Our ethical business practice, focused approach and affordable price range have made us the prime choice of clients across the globe. Apart from this, we have built up a spacious warehouse in order to store products. The warehouse is equipped with requisite material handling equipment and handled by storekeepers

CLIENT SATISFACTION

Being a client-centric organization, we have been able to gain trust of clients by offering them highly effective assortment of chemicals within stipulated time frame. We are continuously strengthening our relationship with clients across the globe by offering them products in various packaging options at economical prices. Our judicious actions, fair business policies, flexible payment modes, effective array of products and quick delivery have helped us in achieving invincible position in this domain across the globe

OUR STRENGTHS

Hard work and Team effort that would lead us to Zenith of success.
