

# Heavy CNC Plasma Profile Cutting Machine

Our Service, Your Satisfaction.

10 mm Air Plasma Cutting Machine, 20 mm Plasma Power Source, 2100 B 7 inch HYD Controller, 2300 B Cnc Controller Hyd, Aluminium Cutting Machine, Automatic Cnc Plasma Cutting Machine, CNC Gas Profile Cutting Machine, CNC Hyd Controller, CNC Nesting Software, CNC Plasma Holder, CNC Plasma Torch Lifter, CNC Portable Torch Holder, Cnc Controller Hyd, Cnc Gas Cutting Torch, Cnc Gas Holder, etc.

**AUTOMATIC CNC PLASMA CUTTING MACHINE**

**PLASMA TORCH HEIGHT CONTROLLER**

**GAS PROFILE CUTTING MACHINE**

## About Us

Supiyar Gear Cut is a trusted manufacturer, trader, and supplier of advanced cutting and automation solutions. Founded in 2010, the company has developed strong technical and operational capabilities to serve industrial requirements with efficiency and precision. Our focus remains on delivering dependable machinery and components that support productivity and operational accuracy. Our product portfolio includes Automatic CNC Plasma Cutting Machine, CNC Portable Gas Cutting Machine, Plasma Controller, Plasma Power Source, Air Plasma Cutting Machine, CNC Machine Controller, CNC Nesting Software, CNC Torch Holder, etc. These solutions are designed to support metal cutting, fabrication, and automation applications. The range is structured to address varied operational scales while maintaining consistent performance standards. We operate with a strong emphasis on engineering understanding and process-driven execution. Each product is selected or manufactured with attention to performance reliability and functional suitability. By aligning our offerings with industry needs, we support clients seeking cost-effective and technically sound cutting solutions.

Quality assurance is integrated into every stage of our business operations. From sourcing and manufacturing to testing and supply, defined procedures are followed to ensure accuracy and durability. We emphasize proper inspection, functional testing, and secure packaging to maintain product integrity during delivery and use. Located in Bhosari, Maharashtra, India, Supiyar Gear Cut continues to strengthen its presence by focusing on technological relevance and customer-oriented practices. We aim to build long-term partnerships through dependable supply, professional conduct, and continuous improvement. Our vision is to be recognized as a reliable solution provider within the industrial cutting equipment sector.
