

1 kg Calcium Nitrate Water Soluble Fertilizer, 25 kg Potassium Humate Flakes, Blue Copper Sulfate Powder, Blue Copper Sulphate, Ferrous Sulphate, HUMIC LIQUID 12 %, Humic Acid Flakes, Industrial Calcium Nitrate Fertilizer, Liquid Mix Micronutrient Fertilizer, MIX MICRONUTRIENT LIQUID, Magnesium Sulphate, Manganese Sulphate Powder, Mix Micronutrient Fertilizer, NPK 0.0.50 Potassium Sulphate, NPK 0.52.34 Mono Ammonium Phosphate, etc.

NPK 20-20-20 GREEN WATER SOLUBLE FERTILIZER

NPK 0.52.34 MONO AMMONIUM PHOSPHATE

NPK 13-00-45 POTASSIUM NITRATE FERTILIZER

About Us

Dee Pee Chem Industries began operations in 2011 with the goal of becoming the most reliable manufacturer and supplier of excellent quality chemicals and water soluble fertilizers in the market. We demonstrate our ability to process a wide range of chemicals by displaying a diverse range of high-quality chemicals, including Dried Magnesium Sulphate, Calcium Nitrate Fertilizer, Copper Sulphate, Sodium Acetate Trihydrate Powder, etc. We make every effort to provide value for money chemicals to our prestigious clients who want pure formulations, accurate pH values, moisture-proof packaging, high efficacy, and longer shelf-life products.

Our market analysts work hard to predict the customers long unmet needs in order to achieve success based on their satisfaction. In addition, we have created modernized R&D facilities and chemical laboratories to support the arduous efforts of our task force. Furthermore, we feel that striving for operational excellence allows us to set realistic goals for processing a diverse range of chemicals and fertilizers. Because of our relationships with reputable vendors, business partners, and logistical businesses, our name has become synonymous with trust.

Mr. Jay Mehta, extensive experience and unique leadership qualities enable us to better comprehend changing client needs while maintaining a forward-thinking attitude in order to foster long-term success.

Key Facts

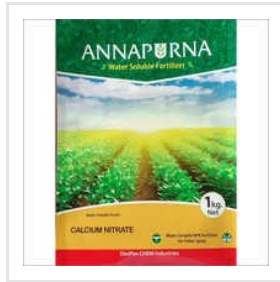

No of Staff	25
Year of Establishment	2011
OEM Service Provided	No

Our Products

NPK 12-61-0 Mono Ammonium Phosphate

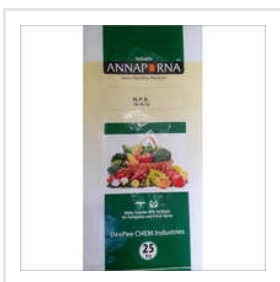

1 Kg Calcium Nitrate Water Soluble Fertilizer

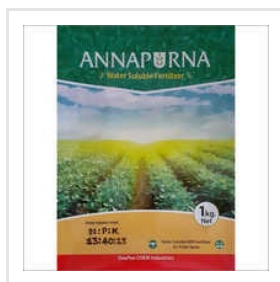

Ferrous Sulphate

NPK 17-44-00 Water Soluble Fertilizer

NPK 19-19-19 Water Soluble Fertilizer

NPK 13-40-13 Water Soluble Fertilizer

Zinc Sulphate Heptahydrate Powder

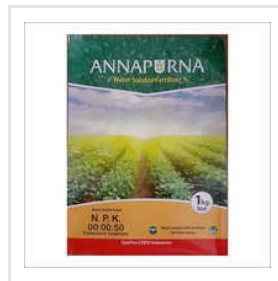

Liquid Mix Micronutrient Fertilizer

Blue Copper Sulphate

25 Kg Potassium Humate Flakes

NPK 0.0.50 Potassium Sulphate

NPK 12-61-00 Water Soluble Fertilizer

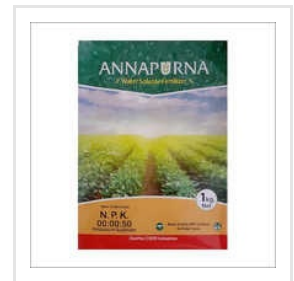

NPK 00-52-34 Mono Potassium Phosphate

Potassium Nitrate Water Soluble Fertilizer

NPK 19-19-19 Pink Water Soluble Fertilizer

NPK 00-00-50 Water Soluble Fertilizer
