UHPL
A PACKING COMPANY

UHIPL is a prominent **packaging and logistics** company since 2000. Under the leadership of **Mr. A.K. Singh**, the company has marked a distinct position in the domestic market.

Packaging Services

Pre-Packaging

Chocking

Palletization

Lashing

UHIPL
A PACKING COMPANY

Pre-Packaging

We at **UHIPL** are unique and use the latest technique of pre-packaging for maintaining quality standard of the cargo intact also to sustain variable weather conditions during storage and transit.

Container Chocking

Our timely service and caliber is what differentiates us from others. We provide best in industry container chocking service. Container chocking is best suited for cargos that are not of same size and shape. To avoid detachment of cargo during transit, they are clutched to the surface using belts with hooks and required dunnage. High grade chocking material are used which help in eliminating the damage to equipment and material in the container due to restriction of movement. We provide chocking services at an affordable price.

Palletization

UHIPL Palletization Service is offered for all Industrial and commercial goods, all over India and abroad. Sturdiness, efficiency and flexibility are the key features that have helped us attain a reputation in this field. In order to provide effective storage in container quantitative pallets are used. Our superior quality pallets are designed to hold cargo of every size thus ensuring complete safety to the palletized goods.

Container Lashing

Container lashing service needs to have design margins for rough handling and stresses. Keeping in mind these facts, we offer quantitative and Effective container lashing services to all our clients. Our Container lashing services are designed to offer complete protection to your valuable freight.

Wooden Box Packing

The equipment's used in these services include:

- Anti slip material reels that help decrease the friction between the products and the floor
- High quality corner protectors are used in order to avoid edge damage to products.
- Appropriate techniques are used for securing the cargo.

Containerised Facilities

Having dealt with Cargo in Containers and in discussion with several of our Clients we decided to meet the growing needs of our Customers for Shipping Containers, Portable Office and accommodation and have started supplying 20' and 40' Containers, Containerized Offices/Stores/Accommodation as per customer requirement. We have associated ourselves with a few reputed manufacturers to source quality product.

UHPL
