About Us

We, Southern Scientific Lab Instruments is a prominent name in the industry of Temperature based Research and Laboratory Instruments. As a quality conscious organization, we are highly acclaimed for our best-in-class quality products and accuracy of products such as Laboratory Instruments, Scientific Instruments, BOD Incubator, Cloud and Pour Point Chamber, Bacteriological Incubators, Humidity Chamber and others. As an eminent manufacturer, exporter and supplier of large number of laboratory instruments since 2002, our products are applicable in various departments such as Chemical Engineering, Biochemistry, Microbiology, Biotechnology, Botany, Zoology dept, Foundries, Metallurgical dept, Automobile Industries & number of Research Laboratories.

Supported by an advanced infrastructural facility coupled with total quality management, we are able to fabricate a qualitative range of products with a client centric approach. We have a congenial work atmosphere where our professionals work with full freedom and use their acumen to produce best-in-class products. We have adopted a total quality management for our properly checking of products and development process. Our quality controllers precisely use of quality control process to make sure all products are going through stringent process. In addition, we have a fully fledged team with adequate professionals who have expertise in laboratory instrument. We apply innovation and advance technologies to fabricate our range of products.

Key Facts

Nature of Business	Wholesaler
Primary Competitive Advantages	oxygen concentrator
No of Staff	25
OEM Service Provided	No
ProductRange	oxygen concentrator

Our Products

Offering a quality range of Research and Laboratory Instruments

Burn In Chamber

Cooling Chamber

Stability Chamber

Humidity Oven

Offering a quality range of Research and Laboratory Instruments

Industrial Oven

Offering a quality range of Research and Laboratory Instruments

Baking Oven

Thermal Shock Test Chambers

Calibration Baths

Viscosity Bath

Vacuum Oven

Cryostatic Circulator

Ultra Cryostat Circulator

Air Conditioner Power Saver

Hot Air Ovens

Laboratory Vacuum Ovens

Environmental Chamber

ADDRESS

No.12, Devi Nagar,
Moolachattiram Main Road,
Madhavaram Milk Colony,
Chennai, Tamil Nadu, India
(600051).
