MFG OF ALL ELEVATORS SPARE PARTS & LIFT KIT

Company Profile

Year of Establishment in 2000 on this domain, we have been able to mark our presence in this highly competitive market by offering cost-effective range of Precision Job Work Machines. The range of our products includes Elevator Parts, Gear Box, Rope Socket, Buffer Springs, Safety Block, Divert-er Pulley, Stainless Steel Bolts and Foundation Bolts. These machines are manufactured using high grade raw material, which is procured from the reliable vendors of the industry. Moreover, we use latest technology & machinery for manufacturing these products in compliance with the international quality standards. Our products are widely appreciated by the clients for their dimensional accuracy, reliability, longer functional life, excellent performance and high efficiency.

Our products cater to different applications in various industries and sectors. These products work efficiently and are highly demanded for their optimum level of functioning. We have diligent workforce, which manufactures the superior range of products by its excellence and expertise as per the requirements and demands of the customers.

Moreover, customized products are also offered by us as per the specifications of our customers to meet their variegated requirements. Post production, our quality auditors check the range of our produced products on various quality parameters to gauge their quality.
