About Us

Kewalson is a reputed name in the country. Our Industrial safety products are designed to be used within industrial facilities to improve the well being of workers and the environment. For more than 30 years, since 1972, our company has led the personal protective equipment industry by offering an assortment of quality safety equipments. We are a leading manufacturer, supplier, trader, and exporter of Safety Glasses, Face Shields, Disposable Respirators, Safety Earplugs, Disposable Gloves, and more. We are also a trustworthy service provider offering cost-effective services as well.

An eminent company offering premium quality safety products based on the needs and requirements of each individual organization, we continue to work closely with end-users and distributors to develop new products for the industrial market.
