## About Us

Well-established as a prominent trader, supplier, and importer in the industry, we, Sahil Technocrats, are a sole proprietorship firm owned by Mr. Praphulla Deshpande. He is a visionary and industry expert. Under his invaluable guidance, we bring forth an exclusive range of high-quality CNC Lathe Machines, Coordinate Measuring Machines, Linear Scales, Metrology Digital Readouts, and other products. Sourced from trusted vendors in the market, all our products comply with industrial standards. Each product is fluent in performance and study, longer-serving, and resistant to corrosion and other climatic and industrial conditions.

Sahil Technocrats is a Pune (Maharashtra, India)-based trading company serving an exclusive range of Metrology Digital Readouts, Linear Scales, Coordinate Measuring Machines, CNC Lathe Machines, and other similar products. We also fulfill the responsibilities of an importer and import all our products from Taiban. Customers regard us as one of the most suitable providers of the aforementioned products. The quality of our products is A1, whereas the prices are highly affordable. Other than the aforesaid reasons, customers prefer us over our competitors for our ethical business practices and transparent dealings. At our organization, we go to great lengths to ensure that all the money and time the customers invest in us is valued at each stage, providing them with maximum satisfaction.
