About Us

Incepted in the year 1989, we, Bhartiya Enterprises, are working as a profound Manufacturer, Exporter, Importer and supplier of Condenser Tube Cleaners, Chiller Tube Cleaners, Boiler Tube Roller Expander, Tube Cleaning Equipments & Tools, Condenser Tube Expander, Tube Installation Tools and Tube Removal Tools etc. Our product range is carefully manufactured by using graded raw materials and proven technologies that ensure its quality as well as reliability. Excellent performance, efficiency and durability of our products have enhanced their demand in India as well as in global markets. Also, we keep up with customization options to meet every requirement of our customers. Prevailing industry trends and standards are also followed effectively to make a perfect line of industrial products.

We make use of high-tech machines & tools in the manufacturing of products like Condenser Tube Cleaners, Chiller Tube Cleaners, etc. Our modern infrastructure is installed with all the necessary facilities that help us in meeting clients' orders in prescribed time period and accomplish overall satisfaction of the clients. Our experts carefully handle the manufacturing unit. Our team of technocrats, engineers and other skilled persons work in a coordination for the success of the organization. Moreover, our professionals make sure that all the specifications provided by the clients are effectively integrated in the manufacturing process. As a team, our dedication towards work has assisted us in creating great success in the industry.
