## About Us

Humans have five senses, smell is the most powerful of all. It is a universal truth that a memory recalled by smell is more spontaneous, touching and reminiscent when compared to a memory recalled by sound or sight. Adorable aromas can help in creating a memorable and more pleasant experience for individuals. Therefore, Mr. Atul Pandey and Mr. Gaurav Kumar considering the power of scenting and its positive impact on businesses in hospitality sector introduced his own collection of Scents, Air Fresheners and Purifiers. He laid down the foundation stone of Gralit India Biotech Pvt. Ltd. in the year 2012. The Managing Director is successfully leading the company by periodically directing strategies to obtain profitable growth, representing the company to national and international customers, monitoring operation results against plans, and maintaining the operational performance. In the initial stages, he formulated and implemented the company policy, which till date is followed by both employees and employers. In five years of operation, our company has scaled new heights of success and attained 250 plus clients across India & Middle East Asia market.

Gralit India Biotech Pvt. Ltd. (GIB) is a leading organization established in 2013, dedicated to the manufacturing, supply, wholesale, and export of high-quality scents, scent machines, and scent-related products. Known for precision and innovation, GIB focuses on creating scented solutions tailored to meet client satisfaction while adhering to Indian and international standards. Our products are certified for safety and quality, including IFRA certifications for essential oils, BIS certifications for HVAC Or Portable scent machines, and non-toxic human-safe certifications.
