## About Us

Simtech Projects & Engineers is a celebrated name in the industry for providing an extensive range of top-quality industrial machines and products. Since 2003, we have been successfully serving the business roles of a manufacturer, supplier, and exporter. Customers from all over the world rely on us to fulfill their requirements for premium-quality Salt Refineries Plants, Slide Gate Valves, Stainless Steel Screw Conveyors, Dosing Pumps, and more. Crafted with precision using quality-assured raw materials, each product exhibits high durability, perfect design, and the need for less maintenance. Customers absolutely love our products for the aforementioned reasons. Hence, we are among their top choices on the market.

However, to continue being the same, we strive every day to enhance our product range as per their changing requirements. Moreover, by pricing our products as per the leading market standards, we achieve a higher customer retention rate. It is the support of our customers that keeps us moving forward.

From our prime location in Chennai (Tamil Nadu, India), we, Simtech Projects & Engineers, are working hard every day to meet the demands of a worldwide customer base for superior-quality industrial products. Our product line includes Slide Gate Valves, Stainless Steel Screw Conveyors, Dosing Pumps, Salt Refineries Plants, and more. We are well-recognized as a trusted manufacturer, supplier, and exporter of the aforementioned products, and we make sure to keep up with the quality of our products. From procuring raw materials to processing them into world-class products, we ensure zero compromises with quality. Even the packaging of the products takes place at our capacious warehouse under the supervision of our competent professionals. Each product is packed using the ideal material to safeguard it against dirt and potential damage.
