

S. S. WEIGHING SOLUTION

WEIGHBRIDGE

Pitless Type (Weighing Systems)

High- Strength reinforced mild steel weighbridge structure.

Designed for heavy usage and harsh environment.

Come in module from easy transportation and installation.

Load Cell assembly is designed and manufactured very precisely to absorb excessive impact forces caused when vehicle enter and leave the weighbridge

All load cells are mounted on mounting assembly for better accuracy and repeatability. Less expensive due to less construction work.

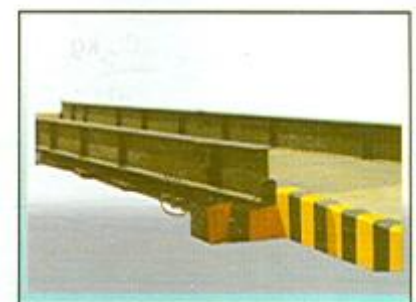

Clean up quick and easy, done with a water or compressor from the side.

Service and repairs less difficult or costly and serviced from above.

Standard Size and Capacity

MODEL	CAPACITY IN KG	RESOLUTION IN KG	PLATFORM SIZE IN METER	No. of LOAD CELL
S.S.W-30	30000 kg	5 kg	6.75mx3m	4
S.S.W-30	30000 kg	5 kg	7.5mx3m	4
S.S.W-40	40000 kg	5 kg	7.5mx3m	4
S.S.W-50	50000 kg	5 kg	7.5mx3m	4
S.S.W-50	50000 kg	10 kg	9mx3m	4
S.S.W-60	60000 kg	10 kg	12mx3m	6
S.S.W-60	60000 kg	10 kg	15mx3m	6
S.S.W-80	80000 kg	10 kg	15mx3m	6
S.S.W-80	80000 kg	10 kg	18mx3m	8
S.S.W-100	100000 kg	10 kg	15mx3m	6
S.S.W-100	100000 kg	10 kg	18mx3m	8

We can supply customized size & Capacity of Weighbridge.

We are specialized in manufacturing customized size weighbridge and fast delivery.

Pit Type (Weighing Systems)
