About Us

We, Supertech Inception, are manufacturer and supplier established in the year 2017, dealing with a diversified range of high-quality packaging materials. Our list of products includes Wrapping Film, Packaging Tape, Bubble Wrap Roll, Cargo Lashing Belt, among others. All our products are designed using the finest raw materials and the latest techniques of manufacturing to attain excellence in quality. Our customers prefer our products for their ease of use, superior finishes, durability, and long life.

The goal of our company is to fulfill our customers needs with constant quality packaging solutions. Our organizational strength is its manpower and the commitment of our team members. Our infrastructural divisions are manufacturing, quality testing, R&D, warehousing, and packaging. The R&D division is headed by researchers who keep us updated with the latest technologies. These technologies are used in our products for better performance and functionality.

Under our mentor's leadership, Mr. Sameer Shaikh, we maintain all the relationships inside the company and work very efficiently in delivering bulk orders. His guidance and expertise are helping deliver quality packaging material to our precious clients, giving assurance of satisfactory delivery to our customers.
