# About Us

**Luckys Pharma** has been catering to the requirements of healthcare sector, since its formation in the year 2001. The firm has established itself a reliable partner of several doctors and medical practitioners by serving quality pharmaceuticals. Enzyme Syrup, Flunarizine Tablet, Paracetamol Syrup, Lycopene Capsules, Tazobactam Injection, Domperidone Capsules, Anti Cancer Injection, etc. are some of the products that make us a renowned firm of the market. All the offered Pharmaceutical Medicine are exactly composed by our educated pharmacists using various quality ingredients in the right blend. The tablets we offer are easy to swallow, these are well praised for their longer shelf life, effectiveness and no or minimum side effects. We give high emphasis on moisture-tight packing of the products as it is responsible for preventing the quality and effectiveness for longer time period. Further, our enterprise maintains clarity in the deals and give customers sufficient information about the products, their storage temperature requirements, dosage, etc.

We are blooming tremendously as a successful firm, under the tutelage of mentor, Mr. Sandeep, who hold rich knowledge about several medicines, their composition and usage. He utilizing his domain experience guides the employees so that best is made available by them to customers.

## Our Team

In pursuit of having excellence in all the business works, we have employed a specialized workforce. The hired team comprises intelligent personnel of several fields, working with passion and punctuality to attain the business goals, on-time. Our processing experts and researchers work in unity to launch effective medicines for several health diseases & ailments. A team of packers uses finest quality material to do the packing of the range. Further, all the employees of our organization work in harmony to attain the business objectives within the decided time period.
