## About Us

R. R. Industries is a prominent wires & cables manufacturer and supplier, presenting a wide range of products including Bunch Bare Copper Wire, Multi Core Cable, Bunch Tin Copper Wire, Single Core Cable, Copper Wire, etc. We have expanded our business across India and supplying products to many renowned companies. Our products are known for their superior quality and long-lasting nature. We have earned respect in the industry for our prompt delivery, cost-effectiveness and transparent business deals. Our company is equipped with all kinds of modern tools such as cutting machines, coil flattening equipment and others for the production of a range of products. Our dedication, passion, and business acumen have served us well and made us a reliable company since the beginning of our operations in 1990.

We have been fulfilling the needs of our customers, thanks to the support of several reliable vendors from whom we regularly procure raw materials for making offered wires and cables. Furthermore, all procured products are thoroughly checked by our quality analysts for their reliability. We have a large staff of talented engineers and specialists, who create products of the highest quality. In addition, our professionals have developed solid relationships with both our clients and vendors that offer many benefits to our business.
