

ultraTM Flow

THE WORLD'S MOST
ELEGANT RO PURIFIER

Imports & Trades

80 GPD / 90 GPD / 110 GPD

- 4th Generation **OVAY** RO membrane
- specially design for High TDS water
- 96-97 % salt rejection
- 100% Dry membrane-maximizing shelf life
- Quality product- for Quality people
- Work up to **4000*** TDS

INDUSTRIAL MEMBRANE

- 4th Generation RO membrane
- Work up to 5000 TDS
- specially design for High TDS water
- 98-99% salt rejection

ULP / BW
4021 / 4040 / 8040

Ultra Flow™ Membrane

- Special Dry High TDS Membrane
- Works upto 2500 TDS
- Membrane Sheet Made in USA
- NSF Certified
- Hi flow - Long life

75 GPD | 80 GPD | 100 GPD | 300 GPD

SKYLINE®
TFC MEMBRANE

80 GPD : 12-14 LPH Flow | **100 GPD** 14-16 LPH Flow

- ✓ 100% imported dry membranes
- ✓ *Lowest price* in *80gpd* and *100gpd* segments based on above performance and flow
- ✓ Every single piece vacuum tested
- ✓ Super finishing and amazing consistency in performance
- ✓ Customized branding and packing available

**Easily works upto 1000-1500 TDS
with 90-93% rejection**

Ultra Flow™ PUMP

SUPER 75 / 100 / 200 / 300 GPD

MODEL	UF -750 (75 GPD)	UF -1000 (100 GPD)	UF -2000 (200 GPD)	UF -3000 (300 GPD)
WORKING FLOW	750 ml/min	980 ml/min	1600 ml/min	2800 ml/min
VOLTAGE	24 VDC	24 VDC	24 VDC	24 VDC
CAPACITY	75 GALLON	100 GALLON	200 GALLON	300 GALLON
SELF SUCTION	0.5 M	1 M	2 M	3 M
OPEN FLOW	800 ml/min	1100 ml/min	2200 ml/min	3000 ml/min

Self Suction from 2 Mtr

- Low power consumption
- High efficiency
- Strong Self-Priming
- No influence from climate or temperature
- No decompression
- No water leakage problem
- Low noise

FIGHTER

MODEL	UF - 1000 (100 GPD)	UF - 1500 (150 GPD)
VOLTAGE	24 VDC	24 VDC
WORKING PRESSURE	110 PSI	125 PSI
PRESSURE BY PASS	140 PSI	180 PSI
AMPS	1.2 A	1.8 A
WORKING FLOW	1000 ml/min	1500 ml/min

100% IMPORTED FILTER HOUSING

- 12 PCS BOX PACKING
- 775 gms Weight
- **Double "O" Ring**
- High pressure Tested...
- Extra Smooth Opening & Closing (No Need For spanner)

100% IMPORTED MEMBRANE HOUSING

- PACKING 40 PCS PER BOX
- Weight 380 - 385 gms
- Double "O" Ring
- Tested Upto 10 Kg Pressure ...
- 100% Leakproof
- Extra Smooth Opening & Closing
(No Need For spanner)

TANKLIFE®

PRESSURE TANK

- FDA & RoHS approved polypropylene raw material
- Patented pressure resistance technology, Weld seam always remains intact
- Minimum 18 KG/1.8 Mpa/17.65 bar pressure strength
- Patented 8KG & 12KG diaphragm structural durability
- Antibacterial & post cured butyl diaphragm
- Industry leading mold thickness
- Double O-ring air charge valve
- Single unit molded tank base
- Extensive testing
- Compatible with all RO systems

TANKLIFE® Reverse Osmosis Tanks are manufactured with the highest rated FDA approved materials and Most advanced technologies available. TANKLIFE® tanks are the global pioneer in introducing RO tanks With antibacterial butyl diaphragm properties. Tanklife has dust free operated workshop and post curing technologies ensure that any harmful materials are removed from every single diaphragm used in Tanks. This means if you choose TANKLIFE®, you choose the most chemical free and bacteria free RO Tanks on the market today.

To guarantee long product life and optimal performance, TANKLIFE® tanks are manufactured with Patented precision welding technology. Combined with one of the highest mold thickness in the Industry, this design means ultra strong structural integrity and a tank weld that always stays intact. To Prevent air leaks, TANKLIFE® tanks are sealed with a double O-ring air charge valve. Therefore, TANKLIFE® offers the most safe and maintenance free solution for storing your purified water. TANKLIFE® tanks are available in plasteel, metal and plastic RO tank series.
