

A Complete range of compressed air solutions for high performance and energy efficiency

Oil Lubricated and Oil Free Rotary Screw Air Compressors

Oil Lubricated Screw Compressors
2.2-250KW

Oil Free Screw Compressors
11-450 KW

Diesel Powered Portable Air Screw Compressor, Four Post Lift, High Pressure Reciprocating Air Compressors, Horizon Electric Powered Screw Air Compressors, Horizon Reciprocating Air Compressors, HYDRAULIC HOIST, Large Electric Powered Screw Air Compressors, Lubracting Pumps, Reciprocating Compressors, Rotary Compressors – Single and Two Stage Airends, Rotary Screw Airends, Spray Paint Booths, Tandem Electric Power Screw Compressor, Two Post Lift, Tyre Changer, etc.

HIGH PRESSURE PISTON
COMPRESSORS

OIL FREE PISTON COMPRESSORS

SINGLE AND TWO STAGE
INDUSTRIAL PISTON COMPRESSOR

About Us

Having about 62 years of experience in the production of Air Compressors, ELGi is a well-known international leader that provides dependable solutions for compressed air. We are designing and manufacturing a wide range of compressed air solutions that are not just innovative but also technologically advanced. These solutions are applicable for assorted industry applications.

Since years of existence, ELGi has acquired worldwide accolades to design solutions that are customer focused, highly reliable, and assist companies in achieving their productivity goals in conjunction with making sure that the total cost of ownership is less.

In the production of Air Compressors, ELGi is a global leader having 62 years of experience. We are offering reliable compressed air solutions which are designed and manufactured to ensure their innovativeness and advance technology. All the modern compressed air solutions are intended for assorted industry applications. Since the inception, ELGi has acquired accolades from clients based in the international markets for designing customer focused, compressed air solutions which are attributed with enhanced dependability and capability to enhance companies in acquiring their productivity goals along with a less cost of ownership.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	Screw compressor, Reciprocating Compressor, Oil Lubricated Compressors, air compressor
No of Staff	1500
Year of Establishment	1960
OEM Service Provided	No
Product Range	Screw compressor, Reciprocating Compressor, Oil Lubricated Compressors, air compressor

Our Products

**RR 100101 EC
(Expressor) Diesel**

**EN Series (2.2-45 KW)
Screw Air Compressor**

**Single Stage Direct
Drive Piston**

**Single Stage Belt Drive
Piston Compressor**

**Oil Free Piston
Compressors**

**EG Series (11-250 KW)
Screw Air Compressor**

**High Pressure
Reciprocating**

**Single Stage Belt Drive
Reciprocating**

**Single Stage Direct
Drive Reciprocating**

**Oil Free Screw Air
Compressors**

**Oil Free Screw Air
Compressors OF Series**

**Single And Two Stage
Industrial**

**Electric Powered
Trolley Screw Air**

**Electric Lubricated
Screw Air Compressor**

**Electric Lubricated
Screw Air Compressor**

**Diesel Engine Trolley
Mounted Air**

ADDRESS

Elgi Industrial Complex, Trichy
Road, Singanallur, Coimbatore,
Tamil Nadu, India (641005).
