## About Us

Since 2002, United Cooling Towers has been present in the market supplying PVC Cooling Tower Fills and FRP Cooling Tower to all around the world. Our products are excellent in performance, have longer operational life and consume less energy. For the past several years, we have been fulfilling industrial cooling requirements and become the prime choice of the Indian and international clients. Manufactured through high-grade materials and components, our industrial cooling products are capable of satisfying the expectations of the clients. With our strong commitment to quality and innovation today, we have secured a reputed position of manufacturer, exporter and supplier in the national and international markets. We are glad that we got the chance to associate with the leading names of the industry.

United Cooling Towers is an experienced business enterprise in India which holds expertise in manufacturing FRP Cooling Tower and PVC Cooling Tower Fills. The products are designed in such a manner that they efficiently reduce heat from the industrial processes, power plants, HVAC systems, etc. The materials used for producing the goods are durable and corrosion resistant which enhance the reliability of the offerings. With the help of skilled engineers, the products are manufactured to provide optimal cooling performance with low energy consumption. The production of the goods take place in our Thane, Maharashtra (India) based infrastructural facility. Using cutting-edge technologies and modern machinery, the products are made in compliance with the global standards.

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>Primary Competitive Advantages</b>	pvc fills,pvc cooling tower fills,frp cooling tower
<b>No of Staff</b>	15
<b>Year of Establishment</b>	2002
<b>No of Production Lines</b>	1
<b>OEM Service Provided</b>	Yes
<b>Monthly Production Capacity</b>	80 Units
<b>Memberships</b>	QMS/1009
<b>ProductRange</b>	pvc fills,pvc cooling tower fills,frp cooling tower
