About Us

In this age of increasing automation, new and more advanced equipments are being introduced to increase industrial activities and take them to an entirely new level. Micro Pulverizer Manufacturing Works is a quality conscious company that has always adapted to the changing technology, developing an innovative line of material handling equipments that contribute to the manufacturing sector in a big way. Established in the year 1974, the company is a leading manufacturer and exporter of a diverse range of industrial machines that are built in sync with latest technology. Armed with rich experience of more than three decades, the company is moving forward as a reputed manufacturer and exporter of Micro Pulverizer, Ribbon Blender, Pre-Crusher, Plastics Pulverizer, Jar Mill, Sigma Mixer, Ball Mill, Reaction Kettle, etc. Our superlative range of products has enabled us to carve a strong goodwill in both the domestic and international markets.

With our dedicated approach, strict commitment towards quality & perfection, we have become a name to be counted upon by many customers worldwide. We have, till now, installed 2000 units of these material handling equipments both in India and abroad. Complete customer satisfaction is our motto and we firmly believe that our Success is due to our Customers' Progress. Our export markets are centered around USA, Australia, Nepal, Bangladesh, U.A.E, Kenya, Tanzania, Nigeria, Malaysia, Mauritius, Indonesia, and many other parts of the world. As a customer oriented concern, we also undertake customized job work, whereby we manufacture equipments as per the specifications provided by the clients. Our clientele includes many leading companies who have always been satisfied with our products. Among them are names like Hindustan Gum & Chemical Ltd., Reliance Industries Ltd., Godrej Soaps Ltd., Camlin Ltd., NTPC Ltd., and several others.
