

## MANMACHINE WORKS

Changing the face of cleaning...

The name MANMACHINE WORKS is synonymous with advanced cleaning technology in India. Manmachine Works is bringing the latest and most innovative cleaning solutions for a fast changing and highly demanding automotive industry requirements. It offers not only a wide range of cleaning equipment from the world leaders but also complete cleaning solutions, starting from designing a car wash to promoting professional skills by introducing the first ever "CAR WASH COLLEGE" in India

Founded in 1987, with the vision and determination as the only capital to change the face of Cleaning Industry. Beginning as a contract cleaning company. Manmachine evolved into a full-fledged mechanized cleaning solutions company by bringing to fore fresh concept, global brands and latest technology as innovative solutions. Eventually expanding with Express Carwash, Manmachine Works, The Maids.in and Manmachine Solutions, it has set a new benchmark of excellence in the cleaning industry

Fifty years of success and impressive growth, we are firmly established as leader of a rapidly expanding market, with original ideas and solutions, anticipating trends and guidelines. An undisputed leader in every section of the industry: organisational, research, productivity, commercial. Since as long ago as 1965, MA-FRA has always been on the customers side, coming to their aid to easily resolve any problems that may arise from day to day, for both ordinary users and for washing and cleaning professionals, in complete respect for the environment.

The in-house R&D Centre is rare in an industry such as this, many consumer Companies would not bother. In difference to other companies, the in-house Research Centre offers MA-FRA the valuable opportunity to approach each problem uniquely, allowing for its environmental campaign. MA-FRA laboratories produce average eight new formulas each year with a four month time to market.

The Indian production activity of MA-FRA is performed on the grounds of absolute technical and technological excellence. It allows very high production standards and simultaneously a prompt response to multiple market demands. The liquid products are packaged on automatic weightier to ensure the very highest quality finished product.

MA-FRA in association with Manmachine are proud to launch a complete car wash range which is European Quality but MADE IN INDIA.

Changing the face of cleaning...

# EXPERIENCE

## THE NEW CAR WASH...

### Car Wash Shampoo

Car Wash Shampoo was developed for perfect external washing of the vehicle with a self-drying effect. Its special combined formulation in neutral shampoo ensures a delicate wash, for any paint or colour. After rinsing, its self drying properties leave a water repellent coating on the surface that make for short drying time and prevent smears. The use of this product with high rinsing allows to reduce the rinsing time and allows a significant saving of water allowing a growing respect for the environment.

USAGE DILUTION RATIO 1 : 80

AVAILABLE FORMAT -:5KG-10KG

### Super Foam

Concentrated Shampoo with high density foam which dissolves and eliminates all kind of grease and dirt on the vehicles. The use of this product with high rinsing allows to reduce the rinsing time and allows a significant saving of water allowing a growing respect for the environment.

USAGE DILUTION RATIO - 1 : 9

AVAILABLE FORMAT -:10KG-20KG

### Colour Foam

Colour Foam is designed to give a strong and different visual impact to the washing,COLOR FOAM is a foaming detergent which creates Red snowpack on the car and is applied by pressure washer with the suitable lance, or by a foam sprayer. Its advantages are not only economy of consumption and speed and ease of use, but also a new look for the management of the service! In fact, the visual impact is remarkable and cannot pass unnoticed by motorists running near the car wash. The use of this product with high rinsing allows to reduce the rinsing time and allows a significant saving of water allowing a growing respect for the environment.

USAGE DILUTION RATIO - 1 : 9

AVAILABLE FORMAT -:5KG-10KG

### Super Wax

This product is a long lasting protective wax which allow a film of water to be broken into beads and then slide over the surface easily under the drying blowers, saving energy costs. Super Wax works with water of any hardness, including recycled water and prevents the formation of white streaks on the bodywork and of micro-drops and greasiness. It is indispensable for high speed car wash. The use of this product with high rinsing allows to reduce the rinsing time and allows a significant saving of water allowing a growing respect for the environment.

USAGE DILUTION RATIO 1 : 9 IN FOAM GUN

AVAILABLE FORMAT -:5KG-10KG

### Degreaser

Super concentrated Degreaser, with MA-FRA technology is innovative multi-use and a heavy dirt remover. Powerful and fast, It offers unbeatable performance. Degreaser is an easy and extremely efficient solution to any problem of grease removal or deep cleaning at 360°.

USAGE DILUTION RATIO 1 : 4

AVAILABLE FORMAT -:5KG-10KG

### Dashboard Shiner

it is a mixture of natural wax and polymers which is fast and easy to use. Generating a "silk" effect on interiors plastic and leather, It creates an effective protective barrier against the UVA rays and anti-depositing on exterior plastics. It does not smear or whiten plastic parts, pleasantly perfumed. Suitable for treating leather and for use on interior and exterior plastics.

USAGE DILUTION RATIO - PURE

AVAILABLE FORMAT -: 5KG-10KG

### Tyre Glaze

Tyre Glaze is a highly penetrating treatment that polishes, protects and revives the original colour of any tyre, while preventing cracks and resisting air-borne pollutants. Its formation is ecological, free of phosphates and colorants. It does not leave the tyres greasy or sticky and does not leave marks on the bodywork.

USAGE DILUTION RATIO 1 : 1

AVAILABLE FORMAT -:5KG-10KG

### Upholstery Shampoo Cleaner

Mild, high concentration, low foam detergent, it cleans thoroughly all types of fabrics, carpeting and velvet. Upholstery Shampoo Cleaner, thanks to its special qualities, achieves optimum results whether used with vacuum cleaning machines or manually, ensuring the cleanest wash of even the most stubborn dirt and stains

USAGE DILUTION RATIO 1:10-1:20

AVAILABLE FORMAT -:5KG

### Plastic & Leather Cleaner

It perfectly cleans car-seats, plastic parts, and all washable surfaces inside the car. It dissolves traces of nicotine from car-seat fabrics and canopies, eliminating unpleasant odors and thus offering a guarantee of total hygiene.

USAGE DILUTION RATIO 1:10 - 1:20

AVAILABLE FORMAT -:5KG-10KG

### Glass Cleaner

Glass Cleaner is a balanced formulation of alcohols and vegetable based surfactants which create active foam capable of rapidly dissolving any kind of dirt or grease. The product removes smog and smoke residues from glass windows, leaving a pleasant hygienic fragrance and shining all treated parts without leaving smears.

USAGE DILUTION RATIO - 1 : 1

AVAILABLE FORMAT -:5KG-10KG
