About Us

Technology has rapidly engulfed all sectors of the industry. Today, various techno-based devices have been introduced in the market to improve the lifestyle and to offer a luxurious well being to people. 'Ceiling fan', is one of among these newly designed device that has cover a long way and has become the most essential item of usage in every house, hotel and all living interiors. Introducing excellently designed ceiling fans, we, Jain ElectroMech Appliances, started are business as a manufacturer and supplier. We offer a wide range ceiling fans like Ceiling Fans, Kids Ceiling Fans, Small Ceiling Fans, Unique Ceiling Fans, Modern Ceiling Fans, Outdoor Ceiling Fans, Decorative Ceiling Fans, etc. The company got incepted in the year 1987 under the able guidance of Mr. Lokesh Jain, the CEO. Operating under his leadership Jain ElectroMech Appliances has continually created new milestones in crafting technology in the engineered products.

Mr. Lokesh Jain, an unrelenting advocate of good engineering practices is himself an electrical engineer (Gold Medalist from Osmania University, Hyderabad). It is worth to add that Engineering excellence is synonymous with him. It is his inner instinct and faith that has made "Patny Fans" a trusted brand in ceiling fans.

Our philosophy of quality first is well marked by our ISO 9001:2008 certification. We believe that its only quality that drives any company towards success and thus we implement each and every quality check procedure in our manufacturing processes.
