HEAVY DUTY DISPERSION KNEADER

About Us

With the vision to cater to various requirements of Rubber, Plastic and Chemical industry, we, New Plast Machinery, were founded as a Manufacturer, Exporter and Supplier. Our comprehensive range of products includes Filler Masterbatch Machine, Palletizing Line, Plastic Extruder Machines, Dispersion Kneader, Rubber Dispersion Kneader, Plastic Dispersion Kneader and the like. These are manufactured in our automatic production setup, which is equipped with the high-tech machines. The production is carried off under the guidance of industry experts who settle for nothing but the best when it comes to serving the clients. Hence, our offered range of Plastic Extruder Machines is known for its tough construction, longer functional life, corrosion resistance, anti-abrasion, silent operation, low maintenance cost, easy installation, simple operation and cost-effectiveness.

Established in the year 2009, we deal in Palletizing Line, Plastic Extruder Machines, Rubber Dispersion Kneader, Plastic Dispersion Kneader and allied products. We also offer customization option on our product range, as per which the production process is changed and we work according to the clients' specifications. For instance, on clients' special demand, the Tilting method in the manufacturing of Kneaders can be replaced by hydraulic making it totally hydraulic by nature. Such customer friendliness helps us steer clear of being lost in the sea of companies existing in the market and come forward to get noticed.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	PP LLDPE CaCo3 Compounding Machine,PP-LLDPE CaCo3 Compounding Machine,Calcium Carbonate Filler Granule Making Machine,PP Raffia Granule Making Machine,CaCo3 Filler Masterbatch Making Machine,Twin Extruder Machine,PP Filler Granule Making Machine,PVC Filler Masterbatch Granule Machine,Masterbatch Plant,PP Filler Compounding Machine
No of Staff	10
Year of Establishment	2009
OEM Service Provided	No
ProductRange	PP LLDPE CaCo3 Compounding Machine,PP-LLDPE CaCo3 Compounding Machine,Calcium Carbonate Filler Granule Making Machine,PP Raffia Granule Making Machine,CaCo3 Filler Masterbatch Making Machine,Twin Extruder Machine,PP Filler Granule Making Machine,PVC Filler Masterbatch Granule Machine,Masterbatch Plant,PP Filler Compounding Machine

Our Products

Rafiya Granule Machine

Filler Masterbatch Granules Machine

Plastic Extruder Machines

High Capacity Extruder Machine

PVC Granule Extruder

Industrial Extruder Machine

Filler Masterbatch Machine

Calcium Carbonate Filler Masterbatch

Masterbatch Plant

PP Filler Compounding Machine

PVC Filler Masterbatch Granule Machine

Non Woven PP Filler Granule Machine

PP Filler Master Batch Machine

Filler Masterbatch Pelletizing Machine

PVC Granules Machines

Filler Compounding Machine
