About Us

Founded in 2013 and headquartered in the bustling commercial hub of Mumbai, Maharashtra, Agastya Corporation has steadily grown into a trusted name in the manufacturing, supplying, trading, exporting, and importing of high-quality products such as Water Bottle, Fiber Ware Plate, Stainless Steel Bottle, Hotel Ware, Vacuum Flask, Key Chain, etc. With a commitment to excellence and innovation, we have carved a niche for ourselves in the competitive marketplace, offering a diverse portfolio of products designed to meet the needs of modern consumers and businesses alike. At Agastya Corporation, our journey began with a simple vision: to provide durable, affordable, and stylish products that combine functionality with contemporary design.

Agastya Corporation's initial chapter was rooted in the creation of household products, a venture powered by our very own manufacturing facility. This foundation of in-house production instilled in us a deep understanding of quality and craftsmanship. As we evolved and ventured into the corporate arena, the dynamic world of gifting presented itself as a significant avenue for growth and diversification. This strategic shift broadened our horizons considerably. Today, Agastya Corporation has firmly established itself as a comprehensive corporate gifting solutions provider. Our offerings now encompass a wide spectrum of products designed to meet diverse needs and preferences. From cutting-edge electronics that make impactful tech gifts to practical and stylish household items perfect for employee appreciation, and from sophisticated tabletop accessories that elevate any workspace to luxurious cosmetic sets ideal for client appreciation, our catalog is extensive and varied.

To ensure we can consistently deliver this diverse range and maintain our commitment to quality and competitive pricing, our operational model includes both direct importing of unique and sought-after items and strategic trading partnerships. This dual approach allows us to source the best products globally and domestically, ensuring a rich and varied selection for our clients.
