## About Us

Founded in 1989, we, SHIV SHIVAM, are a reputed organization, dealing into the Anti-Cancer Drugs and other Life Saving Medicines. We are an authorized stockist of several national and international pharmaceutical companies, providing medicines for the treatment of Kidney Cancer, Breast Cancer, Gastro-Intestinal Cancer, Lung Cancer, Blood Cancer, Anticancer Drugs, Anti Cancer Medicines, Anemia and other blood disorders. We are acknowledged as an exporter, supplier, distributor, trader and wholesaler in this field. Our medicines are highly effective and have no side effects. They are formulated in right composition using the best-grade ingredients and hence, they are safe and reliable.

Our medicines are of good quality as we procure them from the best sources. Plus, during the procurement, our laboratory and quality experts also check all the products in terms of their quality. Once these experts make sure of the quality, then only medicines are delivered to our storehouse. In many cases, the medicines lose their effectiveness due to improper storage and adverse weather conditions. Therefore, we maintain the essential temperature conditions (below 25°C and 2-8°C according to the product requirement) in our storehouse in order to store the medicines in a proper manner. From the storehouse, all the medicines are delivered at the buyers' place in the shortest time period. Over the years, it is our highly effective medicines and prompt delivery schedules, that helped us to earn a distinguished place in the industry.
