About Us

We are specialized in critical care PCD franchise opportunities, offering ISO-WHO-GMP-certified carbapenem injectables, cephalosporins injections, liquid injectables, lyophilized injectables, non-beta lactam groups, and penicillins groups. As an innovative, reliable partner for hundreds of associates across India, we deliver cost-effective, high-quality pharma products with perks like exclusive monopoly rights, on-time delivery, attractive packaging, diverse range, minimal investment, and promotional tools backed by state-of-the-art infrastructure, in-house R&D, and quality control.

Monark Biocare is a trusted ISO-certified pharmaceutical company in India with over a decade of expertise as leading manufacturers and suppliers of premium pharma products nationwide. As a WHO-GMP and GLP-certified leader, we offer an extensive portfolio including tablets, capsules, injectables, syrups, ointments, nasal drops, and more. Our unwavering commitment to excellence serves 2000+ loyal associates, backed by rigorous vendor selection for top-grade raw materials, stringent quality testing at every stage, state-of-the-art facilities, DCGI-approved products, open collaboration, and ongoing research for innovative healthcare solutions.
