About Us

We, Sachin Enterprises, are regarded as the most promising, prominent and progressive firm in Indian industry fulfilling requirements for various metals of industrial components. In the business since 1995, we have been working profoundly as a manufacturer under the tutelage of our mentor, Mr. Sachin Khanna. He envisions taking our enterprise to the forefronts of national markets. His expertise & sharp business acumen has been helping us in running our internal and external business operations fluently every day. This way, we have been responsibly catering all kinds of demands of customers for Cooper Washer, Brass Washer, Aluminium Washer, Pinion Star Washer, Head Shims and Cooled Gas Kits of all sizes.

Our customer focused and quality centric work approaches have helped us in establishing a large customer base in varied cities & states nationwide. Moreover, we are determined to improve our business practices in all aspects including production, marketing, sales, management and more with the passage of time in order to be relevant & resourceful for our customers for a long period.
