About Us

Established in the year 2005, S.L Technologies is one of the most proficient manufacturers, exporters and suppliers and service providers, engaged in delivering a wide range of electrical and electronics products. Based in Hyderabad, India, we offer the best quality Multimeter, Digital Multimeter, Pocket Digital Multimeter, Auto range Multimeter, Handheld Digital Multimeter, Temperature Meters, Computer Interfaces, Altimeters, Temperature Probes, Infrared Meters and many more. We assure that these products are designed by using high quality raw material and ultra-modern technology. Moreover, we rigorously test the whole product range on different quality testing parameters as per world quality standard. Hence, our products such as Digital Multimeter, Altimeters, Temperature Probes, are well accepted in the market for their high performance, longevity, less maintenance, efficiency and simple operations.

Our wide manufacturing unit enables us to deliver a wide variety of bulk electronics products at the best prices in the market. The whole unit is installed with the cutting edge technologies which is timely upgraded by our expert technicians for having efficient working. Backed by a team of skilled engineers, we have been able to execute the whole production process in a proficient way. Due to which, we have been able to serve our quality products to various industries like Pharma, Agro Chemicals, Educational institutions, and so on. With the help of which, we have been growing steadily by extending our business to the countries like Taiwan, Korea, China, US, UK, Japan, Europe, Asia Pacific and North America.
