Easy Aquatak 100 High Pressure Washer

Part Number: 0.600.8A7.EF0

Old Range
AQT 33 - 10

EXPERIENCE THE DIFFERENCE IN CLEANING

The Easy Aquatak 100 High Pressure Washer provides an ideal solution for a variety of cleaning needs. Its lightweight and compact design makes it quick and easy to use, while its new high-efficiency pump and 1200 Watt Bosch series motor gives all the power you need to get the job done. Its 100 bar cleaning power and range of accessories with quick and easy connections ensures you have just the right tool for cleaning tasks around the house and garden.

LIFESTYLE CAR WASHER

Great cleaning experience

The Easy Aquatak 100 High Pressure Washer is an all-round cleaning equipment, which can be operated single handedly. Its versatile way of removing dirt with the innovative 360° gun, makes it a great cleaning equipment.

Saves time

Manual cleaning is much time consuming and it is quite hard to achieve a good result in perfect cleaning. There is more consumption of water in manual cleaning, wherein Easy Aquatak 100 saves time and energy.

Space saving & portable

This space-saving and lightweight machine has a low centre of gravity, which makes it very stable and easy to use.

Self-priming

Easy Aquatak 100 High Pressure Washer can draw in water either from a container or from an open water source such as a lake or pond where running water sources are not available.

WHAT IS IN THE KIT?

Wash and Rinse Nozzle:

Variable fan jet providing forceful wash or gentle rinsing options

Fan Jet Nozzle New:

20°/ 80° Variable fan jet nozzle is a part of this kit

Bosch Gun:

New 360° Compact gun provides full rotation of the nozzle helps cleaning hard to reach dirt even easier

Pressure Hose:

This 3m hose connects the washer and the lance. Once the trigger is on, water passes to the nozzle for cleaning

High Pressure Foam Nozzle:

450ml capacity foam bottle for deeper cleaning on vehicles and waste bins

GET CLEANING WITH THE BOSCH EASY AQUATAK 100 HIGH PRESSURE WASHER

Remove light dirt from small cars:

Vehicles need good care, removing dust and dirt out of it very often helps in better maintenance. Easy Aquatak 100 High Pressure Washer is the perfect aid for such cleaning processes as it comes with the new 360° gun that enables easy rotation and helps reach out to every nook and corner of the car. Due to its compact size and lightweight, anyone can work with this High Pressure Washer without much effort.

Removing dirt from air conditioner:

Manual dirt removal from an air conditioner is not at all easy as it is tiring and time consuming task. Easy Aquatak 100 High Pressure Washer is a perfect solution for this task. It enables quick and easy removal of dirt from air conditioner with single handed operation.

HOW IS IT ENVIRONMENT FRIENDLY?

Washing cars and domestic cleaning tasks consumes plenty of water every time and solution to avoid wasting water is important for the environment.

The Advanced Aquatak 140 High Pressure Washer has been designed to consume not only less water but also less electricity with an auto-stop system where it consumes only half a bucket of water as compared to cleaning manually.

Advanced Aquatak 160 High Pressure Washer

Part Number: 0.600.8A7.8F0

THE EFFICIENT CLEANING EQUIPMENT

With the Advanced Aquatak 160, Bosch is expanding the advanced class with two especially powerful and robust tools for thoroughly cleaning stubborn dirt. For the first time ever, the two models feature a four-cylinder 'Quad' pump that has been optimized for efficiency, offering a higher performance while also featuring a more compact design than the conventional three-cylinder pump.

LIFESTYLE CAR WASHER

High performance

Compact performance through QUAD pump technology provides higher performance.

Durability and reliability

High-efficiency pump is less stressed so gives longer service even if the user opts for frequent use.

Practical and portable

Advanced Aquatak 160 High Pressure Washer is sturdy with quiet running extra-large rubber coated wheels for easy mobility and also a telescopic handle which is integrated to pull the washer for comfort.

Saves time

Manual cleaning is much time consuming also it is quite hard to achieve a good result in perfect cleaning. Excessive water is consumed in manual cleaning. Advanced Aquatak 160 is manufactured in order to save time and energy.

WHAT IS IN THE KIT?

Bosch Metal Gun: The Advanced Aquatak comes with a more powerful Metal Gun exclusively designed for perfect cleaning result

High Pressure Foam Nozzle with Regulator:

A high pressure foam nozzle with regulator can be connected to the lance when you need to add detergent for cleaning process

Roto Lance: An additional lance with roto nozzle along with it is a part of this High pressure washer

Steel Armed Hose:

Advanced steel armed hose is a part of this Advanced Aquatak 160 High Pressure Washer, this provides more durability to the hose

Standard Lance: Extension for Bosch gun helps the user in cleaning without moving the machine every now and then

Metal Water Filter: The metal water filter helps in easy maintenance of the washer and also pump protection is carried out

Variable Fan Jet Lance: A variable fan jet lance accompanies with the Advanced Aquatak 160 High Pressure Washer

GET CLEANING WITH ADVANCED AQUATAK 160

Cleaning of heavy vehicle:

Heavy vehicles like mini truck, lorry are used roughly in most of the cases. Chances of getting dirt are much higher for such vehicles. If we opt for manual cleaning, it consumes hours and wastage of water will also be high. Advanced Aquatak 160 is greatly helpful for all those who are looking for a cleaning equipment which can be used on a regular basis.

Cleaning a garage: A small scale industry like garages are hard to clean manually as it takes more time and water for this task. Advanced Aquatak 160 is a perfect buy option for large scale frequent use and also for domestic cleaning purposes.
