About Us

Precision and efficiency are the foundation of every successful metal fabrication process. Without the right shearing and press brake solutions, businesses face increased material waste, inconsistent cuts, and reduced productivity. Everest Engineers provides high-performance metal shearing and press brake machines designed to enhance cutting accuracy, minimize waste, and optimize workflow efficiency. Built for long-term industrial use, these machines combine robust construction with smooth and controlled cutting motion, ensuring reliable performance across diverse metal fabrication applications. Every operation demands precision, durability, and ease of use. Whether handling sheet metal, heavy-duty plates, or intricate cuts, these machines deliver consistent results with minimal manual effort. Engineered with ergonomic designs, operator-friendly controls, and integrated safety mechanisms, they reduce fatigue and enhance workplace efficiency. With quick and easy tool changeovers, seamless adaptability to different metal grades, and low operational noise levels, these solutions simplify complex fabrication tasks while maintaining superior quality.

Designed for small to medium-scale manufacturing, these machines optimize production while reducing labor costs and material wastage. A compact footprint allows seamless integration into various workshop layouts, ensuring businesses maximize space without compromising performance. Corrosion-resistant materials and precision engineering extend operational lifespan, providing long-term reliability with minimal maintenance requirements.

Key Facts

| | |
|-------------------------------|------|
| No of Staff | 12 |
| Year of Establishment | 2003 |
| No of Production Lines | 1 |
| OEM Service Provided | No |

Our Products

Sheet Metal Shearing Machine

50 Inch Treadle Shearing Machine

Industrial Treadle Guillotine Shearing

Casting Iron Paddle Shearing Machine

Industrial Treadle Guillotine Shearing

Metal Treadle Shearing Machine

24 Inch Treadle Shearing Machine

Manual Treadle Shearing Machine

12 Inch Treadle Shearing Machine

18 Inch Treadle Shearing Machine

Treadle Guillotine Shearing Machine

Industrial Treadle Shearing Machine

3 HP Shearing Machine

60 Inch Treadle Shearing Machine

40 Inch Treadle Shearing Machine

Foot Operated Treadle Shearing Machine

ADDRESS

Plot No. 13, Survey No. 287/1,
Panchpipala Complex
Street, Shapar Main Road, Shapar
Rajkot, Gujarat, India (360004).
