

# 0.600 mm Solder Ball

Serving Best In Class Products At The Best Prices!

0.600 mm Solder Ball, 1225 Electo TDS Solder Paste, 1270 Electo Solder Paste, 2006 A Potting, 2006 B Potting, 2035 Electo Silicon Adhesive RTV, 2600 ml One Component RTV Silicone Adhesive, 2600ml One Component RTV Silicone Adhesive, 2610 Thermal Grease, 2630 Thermal Grease, 3027 Flux, Component RTV Silicone Adhesive, Component Solder Paste, One Component RTV Silicone Adhesive, SMT Red RTV Adhesive Glue, etc.

**2600 ML ONE COMPONENT RTV  
SILICONE ADHESIVE**

**COMPONENT RTV SILICONE  
ADHESIVE**

**THERMAL CONDUCTIVE RTV  
SILICON**

## About Us

If you want to join hands with a reliable company that excels in Silicone Adhesive manufacturing and export, then coming to Katyaayani Sales & Services Pvt. Ltd. might open floodgates of new business avenues for your company. The firm based in Noida, Uttar Pradesh has proven specialization in offering Silicone Adhesive, Solder Ball, and Surface Mount Technology (SMT) Red Glue, i.e., SMT Red Glue. Many customers rely on its leading-edge adhesive solutions, especially small and large companies from the electronics industry.

Katyaayani Sales & Services Pvt. Ltd. is not a new company but traces its roots to 2010 when it first set foot in the manufacturing business of adhesives. With its team of visionary chemists, quality control experts, and engineers, it then began producing general-purpose adhesives and specialized adhesives for the electronics manufacturing sector. It erected a large manufacturing unit, also adding a state-of-the-art research and development center as a part of its elaborate setup. Appointing a crew of well-qualified researchers and chemists at its world class facility, it then started making and exporting quality formulations as per international standards. Today, it is proud to have made several breakthroughs in the field of adhesive manufacture with all its products featuring excellent adhesion properties, thermal conductivity, and reduced curing times. No wonder, its range is chosen by many Indian and international clients for meeting their simple and demanding needs.

At Katyaayani Sales & Services Pvt. Ltd., we strategically operate from a state-of-the-art manufacturing facility in Noida, UP. The facility has cutting-edge automation tools and machinery that help the firm launch superior-quality products like Silicone Adhesive, Solder Ball, and SMT Red Glue, under the brand name Electo, for sale in the Indian and global markets. The company also follows a set of stringent quality control measures at its facility so that a consistent supply of adhesives can be maintained as per high-volume orders received from global customers. Set safety standards are adhered to when manufacturing adhesives and a safe working environment is provided at the setup for the welfare of all its employees.
