### Lead connection diagram

- Support lead-off sound and light alarm
- Support battery reminder alarm
- Flexible connectivity
- Bluetooth connection
- Idea for Telemedicine Application
- 12 Simultaneous Lead Acquisition and Display
- The sampling rate is 32000hz to make the waveform restoration more accurate
- Able to detect pacemaker signals to assist doctor in clinical diagnosis

Magnetic Charger

Long Battery Life

Easy Operation

In-pocket, Easy-to-carry

### Ingenious Design

External USB magnetic connection charging, safe and convenient

Zoncare provides a proprietary wireless sampling module ,bringing a new ECG experience with familiar resting ECG operations on both smart phone, tablet and PC.

### Data Transmission Resting ECG App(for Android)

- Real Time Sampling
- Automatic Diagnosis
- Touch screen can provide a better user experience

### Data Transmission Workstation(for PC)

- Printing
- Waveform Analysis
- Average Template
- Automatic Diagnosis
- Measure
- Reanalysis

PC

Pad

Phone

Optional Trolley

### Filter

Armed with the comprehensive filters, users could acquire superb ECG waveform with convenient ways .

### ECG Sampling

Both pre-sampling and real-time sampling modes are provided to meet different situation, no matter it is an emergent case, home visiting, or general ward rounds.
