

Specification	Value
Product Type	Duel Star Delta Panel
Power Rating	As Per Requirement
Material	Mild Steel
Surface Finish	Powder Coated
Standard	Industrial Standard
Surface Color	Grey
Rated Voltage	220-440 Volt (V)
Warranty	Yes
Frequency (MHz)	50 Hertz (Hz)
Usage & Applications	Industrial Motor Starting
Operating Temperature	Ambient Temperature
Maximum Output Current	As Per Requirement
Cable Type	Copper Cable Compatible
Display Type	Analog
Dimension (L×W×H)	As Per Requirement
Phase	Three Phase
Rated Current	As Per Requirement
Conductor Material	Copper
Features	Heavy Duty, Reliable Performance, Easy Installation
Application	Industrial Motor Control
IP Rating	IP54
Control System	Automatic
Connectivity Type	Wired
Cooling System	Natural Air Cooling
Cabinet Material	Mild Steel
Features (Second)	Corrosion Resistant, Long Service Life
Cover Material	Mild Steel
Base Material	Mild Steel
Protection Level	High
