## About Us

With the commitment to provide the best to the clients, Brazewell Engineers has come forward. The company came into existence in the year 1992 as a major manufacturer, supplier and exporter of air cooling unit like Interstage Cooler, Air Cooler, Heat Transfer Condenser, Intercooler Compressor, Heat Exchanger, Marine Water Cooler, Centac Air Cooler, Oil Cooler, etc. These products are fabricated using high grade raw materials. We are also rewarded with an ISO 9001:2008 & ISO 14001:2004 certification from DAS for maintaining effective quality control measures throughout the production process. Our manufactured products comply with the International Standards like ASME and TEMA.

Under the able guidance of our mentor, Mr. Sharad Kokate, the CEO, we have earned a respectable position in the domain of manufacturing air cooling equipment. His vast industry experience and ethical business strategies have helped us in achieving worldwide clientele. Our export markets are well established in North America, South America, Eastern Europe, South East Asia, Africa, Oceania, Mid East, Eastern Asia and Western Europe. We are supported with the state-of-the-art infrastructure, which is well equipped with the latest technology. Our well structured work process help us in manufacturing a huge range of products within the stipulated time frame with better understanding of what is the demand of the market. Moreover, our spacious warehouse is outfitted with modern facilities and the team appointed for the warehouse supervision is well endowed with the proper warehousing skill.
